

Expert System notified Consob of KID (Key Information Document) related to the "Stock Option Rights for the ordinary shares of Expert System S.p.A."

Modena, July 13, 2020

Expert System, a leading company in the Artificial Intelligence market listed on the AIM Italia multilateral trading system organized and managed by Borsa Italiana, announces the notification today to the competent offices of Consob of the Key Information Document (KID) on the "Stock Option Rights for the ordinary shares of Expert System S.p.A." as envisaged by art. 4-decies of Legislative Decree February 24, 1998, n. 58 ("Testo Unico della Finanza") in accordance with the provisions of EU Regulation no. 1286/2014 with regard to PRIIPs (Packaged retail investment and insurance products).

The KID (Key Information Document) is a summary, standardized information document that explains the characteristics of the product in a user-friendly, understandable manner for investors, based on the European PRIIPs Regulation no. 1286/2014, relating to packaged retail investment and insurance-based products, with the aim of ensuring product comparability and increasing the degree of information transparency regarding these instruments.

The KID on the "Stock Option Rights for the ordinary shares of Expert System S.p.A." is published on the Company's website at [http://www.expertsystem.com / section Investor Relations / Capital increase 2020](http://www.expertsystem.com/section/Investor%20Relations/Capital%20increase%202020).

This press release is available on the Company website www.expertsystem.com and on www.emarketstorage.com

About Expert System

Expert System is a global leader in artificial intelligence applied to text. Its flagship platform provides a unique mix of natural language understanding and machine learning algorithms to help organizations bring human-like comprehension of any kind of text to accelerate business processes, enhance knowledge discovery and improve decision making. Headquartered in Italy (EXSY:MIL), Expert System operates throughout Europe, the Americas, Canada and the Middle East across a vast range of sectors and use cases including content enrichment, customer care, compliance, third party risk mitigation and intelligence applications. It has cemented itself at the forefront of the artificial intelligence sector, working with global businesses such as AXA XL, Lloyd's of London, Zurich Insurance Group, Generali, Bayer, Bloomberg BNA, BNP Paribas, Rabobank, Dow Jones, Gannett, IMF and EBSCO.
